

Your General Contribution

As a candidate to become your Governor in the November election, I am running as an Independent candidate, hence I have no financial support from a political party or any other entity. I am relying solely on grass roots support from the citizens of Arizona to make my election possible. If you believe in the cause of independence, please help me with the cost of campaigning by your contribution.

Here are the restrictions imposed on contributions by State statutes;

1. A contributor must be an individual. Contributions from corporations, businesses, organizations, LLC's, etc are not permitted.
2. The maximum contribution allowed is \$140, although any lesser amount will be much appreciated.
3. A husband and wife may each contribute \$140. However, each person must attach a separate form and both parties must sign a combined contribution check.
4. The form below must accompany each contribution.

Please print two copies of this page and fill them out completely. Return one with your contribution and keep one for your records. For mail contributions, please leave the solicitor information blank.

Please make checks payable to HF Howard for Governor.
